

OPW 1SC-2100-EVR Series Sealable Cover Spill Containers

OPW Spill Containment Manholes are designed to prevent spilled product from entering the soil near the fill and vapor return riser connections on underground storage tanks during normal tank filling operation, or in the event of tank overflow. The spill containers catch spillage to help prevent soil contamination and groundwater pollution. The OPW 1SC-2100-EVR Series Sealable Cover Spill Containers are designed to eliminate the problems associated with water entering grade level spill containers. The operation of the cover is similar to that of a "plumbers plug." When the lever is latched down, the plates are drawn together, expanding the seal against the machined mounting ring wall. The 1SC-2100-EVR spill containers are ideal for areas with a high water table, areas subject to tropical rain and standing water, and cold regions where melting snow and road salt can enter standard spill containers.

Materials

Cover: Cast aluminum
Cover Seal: Low swell nitrile
Lever: Bronze
Mounting Ring: Teflon® plasma-coated cast iron
Bellows: Polyethylene
Base: Duratuff® II or cast iron E-coating
Clamps: Stainless steel
Seals: Low swell nitrile

Lid Features

- ◆ **Simple "Plumbers Plug" Operation** – cover seal is expanded against mounting ring wall
- ◆ **Vertical Sealing Surface** – prevents gravel and debris from damaging or interfering with the cover seal
- ◆ **Machined Sealing Surface** – ensures watertight seal. Teflon coated stainless steel
- ◆ **Field Replaceable Seal** – designed for all-weather performance
- ◆ **Clear Anodized Aluminum Top Plate** – deters cover theft
- ◆ **Potted Hinge Mechanism** – prevents ice and debris from hindering lever operation

Additional Features

- ◆ **Product Identification Tags** – available for both the spill container cover and bucket to positively identify the product contained in the UST with standard API symbols (See product I.D. tag specification page for more information: page 97.)
- ◆ **Capacities** – 5 and 15-gallon
- ◆ **Fuel Compatibility** – designed to accommodate all fuels, including methanol, ethanol and MTBE
- ◆ **Highway 20 Rated (H20)** – all OPW spill containers and manholes exceed the requirements of the Highway 20 rating
